DO WE USE "COOKIES"?

Yes. Cookies are bits of electronic information that a Website operator can transfer to your hard drive to help tailor and keep records of your visit to the site. The use of cookies is standard on the Internet and many Websites use them. Cookies allow us to better customize your visits to our site to your individual preferences. We also contract with third party service providers who assign cookies (which do not contain any personally identifiable information) to conduct site tracking for us. These companies use cookies solely to provide us with aggregate data about site traffic. Although most Web browsers automatically accept cookies, you can usually change your browser to prevent that or notify you whenever you're sent a cookie. This gives you the chance to decide whether or not to accept it. Even without accepting a cookie, you can still access most of the features on our site.
